About the Hong Kong Association of Northern California

The Hong Kong Association of Northern California was founded in 1984 to provide a point of focus for Northern California-based individuals and corporations interested in business and trade with Hong Kong. The Association is a non-profit, tax-exempt corporation organized under its Board of Directors. The HKANC was the first Hong Kong Association in North America. Today, there are similar organizations in Atlanta, Boston, Hawaii, Los Angeles, New York, and Texas, as well as in Calgary, Montreal, Toronto, Vancouver, and Winnipeg.

The Hong Kong Association of Northern California is dedicated to increasing the understanding of Hong Kong's role in the regional and global economies of the 21st Century. It also serves to strengthen economic ties between Northern California and Hong Kong as well as provide a focus and linkage for Northern California firms and individuals interested in pursuing business and trade with Hong Kong.

The Hong Kong Association of Northern California is dedicated to the progress and success of our future business leaders of tomorrow.

On Monday, September 21, 2009 Hong Kong Association of Northern is proud to present its 8th Annual Scholarship Fundraising Golf Tournament at the Lake Merced Golf Club, Daly City.

The purpose of this tournament is to raise funds to support our Scholarship program which initiated in year 2001. The Hong Kong Association of Northern California initiated this Scholarship fund designed to provide scholarships to undergraduate university students of high academic distinction. This is based on the belief that investing in today's youth will help to ensure that students strive to achieve their goals and to develop into leaders of tomorrow.

As of to date, the Association has donated over \$220,000 to the University of California, Berkeley and San Francisco State University. This was all made possible by your generous support and the Association would like to ask for your continued support with this worthwhile cause so that more students will stand to benefit!
